RePlay
by Digital Signage Club

COMMITMENT CHARTER

The Digital Signage Club confirms that **IAGONA** is committed to an eco-responsible approach aimed at reducing its environmental impact.

By joining the **REPLAY 2026** program, IAGONA commits to meeting at least one of the following three conditions:

- Confirm its membership in a certified eco-organization or provide evidence that non-reusable products are recycled.
- Donate equipment that is no longer needed.
- Use and/or resell second-hand equipment.
-

By joining the **REPLAY 2026** program, IAGONA also commits to incorporating responsible practices into its day-to-day operations, including:

- Contributing to extending the lifespan of its equipment.
- Prioritizing the dismantling and recovery of components that are still in working condition.
- Promoting repair whenever possible.
- Resorting to disposal only as a last resort and solely for items that cannot be recycled.
- More broadly, reducing waste across its overall business operations.

IAGONA is awarded the Silver label for its third year of participation in the REPLAY program. This distinction will be reviewed annually, following verification of compliance with this Charter.
